PRESS RELEASE

Whittle Consulting's Enterprise Optimisation study highlights the value of the McEwen Copper project, Los Azules in Argentina

Following an Enterprise Optimisation (EO) Study conducted by Whittle Consulting, McEwen Mining has posted Q1 2022 financial results. These results illustrate the value of their interest in the McEwen Copper, Los Azules project in Argentina.

The Whittle Consulting Enterprise Optimisation Study of the McEwen Copper, Los Azules Project

The McEwen Copper, Los Azules project, located in San Juan, Argentina, is one of the world's largest undeveloped open-pit copper porphyry deposits.

The Enterprise Optimisation (EO) Study conducted by Whittle Consulting has provided important focus and direction for the detailed work currently underway. The Whittle Consulting EO study has included guidance for drilling programs, metallurgical test work and trade-off studies for mining, processing and infrastructure for the Los Azules project.

Further details on the Enterprise Optimisation Study conducted by Whittle Consulting will be outlined in the updated McEwen Mining PEA, expected in Q1 2023.
